Virtual Trainings on Zoom*

*Participants must attend all sessions to become a leader.
There will be a 30 minute lunch break each day.
Zoom information will be emailed prior to the start of the training.

This training will prepare you to hold a 6 week remote or in-person workshop series to provide the Chronic Disease Self-Management program, known as Better Choices, Better Health.

It is a great opportunity to join a supported network of other NH leaders offering this program throughout NH.

Who should attend the Leader Training?

- Do you have a chronic disease or are you a caregiver of someone with a chronic disease?
 - You do not need to be a health professional to lead the workshops-in fact, Stanford recommends that leaders be individuals living with a chronic condition or a caregiver for someone with a chronic condition.
- Can you commit to offering at least one 6-week program within one year, preferably within three months of being trained?
 - It is really helpful to lead a training soon after to solidify your learning. Many communities find that offering 2 or 3 trainings per year is a great way to keep the program sustainable through word-of mouth.
- Do you have a co-leader?
 - “Better Choices, Better Health” workshops are held in the community or virtual/remote and are led by two trained leaders. It is beneficial to partner with an already trained leader or to attend with the leader training with a partner if possible. If you need a co-leader, let us know and we will try to help!
- *By completing this training, you will be able to offer CDSMP workshops AND will position yourself to be eligible to take Crossover Trainings such as Chronic Pain and/or Diabetes Self-Management.

This leader training is grant funded and, therefore, there is no cost to attend the training itself for NH residents (usually \$450-\$500).
You will also receive a Leader manual, a participant book, and a participant CD at no charge.
